Forward Learning Journey

Core Skills Level (10 weeks)

Develop practical, must-have skills through highly interactive, self-paced digital courses. You will explore adaptability, effective communication, relationship building, problem-solving, and how to navigate a modern digital world. Start seeing your newfound skills come to life through reflections, virtual learning events and assignments.

Network Level (ongoing)

Join a vibrant global network of lifelong learners and get exclusive access to further learning and networking activities. You can also get involved and pay it forward through different volunteering opportunities.

As part of our efforts to boost inclusivity in Europe's workforce, interested participants can voluntarily join an optional webinar series and networking opportunity focused on navigating ethnocultural diversity in the workplace.
